

OMEGA-3

source ▶ Algae

HEALTH BENEFITS

Algae oil in its natural form is a triglyceride and is fully sustained through our extraction process. Additional steps can be executed during extraction to further concentrate beneficial polyunsaturated fatty acids to provide product differentiation.

PREMIUM CONCENTRATIONS • SUSTAINABLY SOURCED • TAILORED RATIOS

	Ratios in TG		EPA mg/g	DHA mg/g
Vegan EPA & DHA	Omegatex Algae 30/20	TG	300	200
	Omegatex Algae 20/50	TG	200	500
	Omegatex Algae 10/60	TG	100	600
	Omegatex Algae 12/48	TG	120	480
	Omegatex Algae 10/45	TG	100	450
Vegan DHA	ISOLATES			
	Omegatex Algae 80	TG		800
	PLATINUM			
	Omegatex Algae 75	TG		750
	Omegatex Algae 70	TG		700
	Omegatex Algae 65	TG		650
	CORE/ULTRA			
	Omegatex Algae 60	TG		600
	Omegatex Algae 53	TG		530
	Omegatex Algae 40	TG		400

SUSTAINABLE INNOVATION

Schizochytrium sp, micro-algae

Sourced in Europe & America

Non-GMO/Vegan

No Environmental Contaminants

Solutex stands
behind the
quality of our
products

Solutex's most advanced algae-based omega-3s!

MaGOmega® is our unique IP-protected product with greater bioavailability due to its monoglyceride chemical form.
